

## Part-Time Graphic Designer

June 2019

### About the Organization:

Research for Action (RFA) is an independent, non-profit educational research organization that seeks to use research as the basis for the improvement of educational opportunities and outcomes for traditionally underserved students. With over two decades of experience, our work is designed to strengthen public schools and postsecondary institutions; provide research-based recommendations to policymakers, practitioners and the public at the local, state and national levels; and enrich the civic and community dialogue about public education.

### Summary:

RFA is seeking a creative, innovative **Graphic Designer** to join our communications department. This is a part-time, three-day per week (60%) position. The person in this position will play a lead role in rebranding and developing RFA's public-facing image. S/he will lead the graphic design of research deliverables, including report design and data presentation and visualization.

RFA is a highly energetic, fast-paced organization that places a premium on responsiveness and flexibility for our clients, while maintaining the highest standards of professionalism, integrity, quality, and relevance in our work. Our collaborative and fast-paced environment extends to the work of the Graphic Designer.

### Job Qualifications:

- Bachelor's degree in Graphic Design, or related field and 3+ years of related experience; experience and/or education in web design/development strongly preferred
- Highly creative graphic designer who excels at creating engaging visual displays of concepts and/or data
- Finely attuned to detail to ensure that data are presented accurately, and publication design is accessible and attractive to broad audiences
- Experience designing and/or developing websites and interactive displays of data and information
- Comfortable working quickly and efficiently to meet deadlines and possesses the ability to work on multiple projects at once
- Enthusiastic about working collaboratively with staff at all levels on project-specific and organizational graphic design needs
- Highly skilled in the use of software/programs across multiple platforms, including Microsoft Office and Adobe Creative Suite, on both Mac and PC platforms
